Redefining Lubrication Technology

● ALL TYPE OF AUTOMOTIVE LUBRICANTS ●

INTRODUCTION

GAYATRI PETROLEUM PVT. LTD., AN ISO 9001:2015 CERTIFIED COMPANY, SPECIALIZE IN MANUFACTURING AND MARKETING INDUSTRIAL & AUTOMOTIVE LUBRICANTS, PROCESS OIL AND GREASES. THE COMPANY IS SITUATED IN SILVASSA (DN&H) AND IS CURRENTLY OPERATING IN OVER 12 STATES IN INDIA. FOR THE DAY TO DAY CHANGE IN NEED OF LUBRICATIONS WE OFFERS WIDE RANGE OF PREMIUM QUALITY, NEXT GENERATION LUBRICATING SOLUTIONS FOR ALL DOMESTIC, COMMERCIAL, AGRICULTURAL AND INDUSTRIAL NEEDS. ALL OUR PRODUCTS MANUFACTURED STRICTLY MEETS THE GLOBAL STANDARDS.

PACE-4T 20W40

SUPER 4T 10W30

PACE-4T 20W40 / SUPER 4T 10W30 is the next generation 4 Stroke Engine oil. Manufactured with 4 ways protection technology which gives complete care and protection even at high speed. It provides high degree of reliability even under severe operating condition.

Featured Benefits:

- High oxidation stability minimizes high temperature, deposit formation and controls oil thickening, resulting in extended engine and oil life.
- Exceptional anti-wear properties protect vital engine and gear components leading to reduced maintenance cost.
- Unique combination of detergents and dispersants resulting in excellent control on piston deposits leading to faster treat dissipation and longer engine oil.

Available Packed Size : 210, 50, 1ltr, 900ml & 800ml

POWER PLUS 20W50

Power Plus 20W50 Engine Oil formulated from selected additives to provide superior detergency and dispersancy, oxidation and nitration resistance and protection against engine wear and corrosion.

Featured Benefits :

- Good oxidation and nitration resistance minimizes sludge build-up and deposits.
- Effective detergency and dispersancy keeps engines cleaner.
- Provides superior protection against engine wear.
- Controls combustion chamber carbon and ash deposits.
- Provides protection against corrosion.

Available Packed Size : 210, 50, 1ltr

SUPER ULTRA 5W30

Super Ultra 5W30 with patented Fluid TITANIUM technology, transforms its physical structure to be stronger under pressure to keep metal apart and reduces friction for maximum engine performance when you need it most.

Featured Benefits :

- Good oxidation and nitration resistance minimizes sludge build-up and deposits.
- Effective detergency and dispersancy keeps engines cleaner.
- Provides superior protection against engine wear.
- Controls combustion chamber carbon and ash deposits.
- Provides protection against corrosion.

Available Packed Size : 210, 50, 3.5ltr

EXTRA POWER 15W50

BULET 15W50 is high performance heavy duty Bullet engine oil specifically developed for low emission vehicle.

Application : Recommended for Bullet & new generation bike.

Featured Benefits :

- Improved detergency characteristics ensure cleaning engine.
- Effective antiwear characteristics protect engine components.
- Good oxidation rust and corrosion stability.

Available Packed Size : 210, 50, 2.5, 1ltr

MOPOWER 20W50

MOPOWER 20W50 oil is intended for light-duty vehicles running on petrol. It is formulated from selected base oil and additives to provide superior detergency, oxidation and nitration resistance and protection against engine wear and corrosion.

Featured Benefits :

- Reduces wear & tear along with piston & sludge cleaning capabilities.
- Heavy duty, long drain, all seasons multigrade petrol engine oil.
- Minimises Maintenance costs & extend re-build life.
- Prevents the oils from breaking down, keeps the engine cool resulting in easy & quick engine start-up.

Available Packed Size : 210, 50, 3.5, 3, 1ltr

MULTI 20W40

Multi 20W40 is heavy duty diesel engine oil developed to meet the requirements of variety of diesel engines operating under different conditions. It is formulated from highly refined base stocks and selected additives to provide reliable protection to engine operating under various environments.

Featured Benefits :

- Improved cold starting and faster engine warm up.
- Outstanding engine cleanliness even under most severe operating conditions.
- Exceptional thermal and oxidation stability.
- Lower fuel and engine oil consumption.
- Excellent resistance to wear.

Available Packed Size : 210, 50, 20, 10, 7.5, 5, 1ltr & 500ml

SUPER CI-4 15W40

SUPER CI-4 15W40 is high performance heavy duty diesel engine oil specifically developed for both Naturally Aspirated / Turbo Charged Diesel Engines Employed in on-highway and off-highway Application. Recommended for use in all the latest make & models of engine as It meets the latest performance requirements of major vehicle manufacturers.

Featured Benefits :

- Longer Oil Filter & Seal life Minimises Piston Deposits.
- Reduces Engine Component Wear & Increases Engine life.
- Maintains Peak Performance for long.

Available Packed Size : 210, 50, 20, 15, 10, 7.5, 5, 3, 1ltr & 500 ml.

PREMIUM CF-4 15W40

Premium CF-4 15W40 is high performance heavy duty diesel engine oil specifically developed for low emission vehicles to extend engine life in the most severe duty on and off-highway application. It means the latest performance requirements of major vehicle manufacturers.

Featured Benefits :

- Exceptional oxidation stability reduce engine deposits, sludge build-up and oil thickening.
- High shear stability maintains viscosity at elevated temperature leading to improved wear protection and reduced oil consumption
- Superior protection against corrosive wear, extends life of engine components.

Available Packed Size : 210, 50, 20, 15, 10, 7.5, 5, 1ltr & 500ml

3-STAR 15W40

3 STAR 15W40 Is high Performance Heavy Duty Diesel Engine Oil Specially Developed for Low Emission Vehicles to Extend Engine Life in the most severe Duty on and Off-Highway Application.

Featured Benefits :

- Exceptional oxidation stability reduces engine deposits, sludge build-up and oil thickening.
- Outstanding soot handling capability, Maintain viscosity and decrease engine wear.
- Superior protection against corrosive wear extends life of engine components.

Available Packed Size : 210, 50, 3, 1ltr

PSO -40

PSO-40 is pump sets engine oils is specially developed for agriculture sector of India and are blended from high quality base oils and selected additives package containing detergent, dispersant, antioxidant, antiwear properties.

Featured Benefits :

- Ensures minimum deposit on piston rings, valves in the crank chamber.
- Provides protection against corrosion ensures excellent resistance to oxidation.
- Provides high temperature stability.
- Ensure system cleanliness by holding contaminant in finely dispersed state.
- Superior lubrication.

Available Packed Size : 210, 50, 3.5, 1ltr

2T (RIKSHAW)

2-T (Rikshaw) oil is premium quality lubricant specially developed for high powered 2-stroke air cooled gasoline engines fitted with oil injection or premix systems.

Featured Benefits :

- Protects against scoring and premature wear of engine components.
- Provides excellent control against engine deposits and extended engine life.
- Low ash additive technology prevents pre-ignition and spark plug fouling.

Available Packed Size : 210, 50, 1ltr & 500ml

GEAR EP - 85W140 / 80W90 / 140 / 90

GEAR EP-80W140/80W90/140/90 is a premium quality extreme pressure gear lubricating oil, blended from solvent refined base oil having high viscosity index with extremely good oxidation stability. this oil is blended with selected extreme pressure additives, to provide antifoam, antiware and antitrust properties.

Featured Benefits :

- High oxidation stability and increased drain period interval.
- Compatible with other gear oils.
- A balanced product which reduces unwanted sound.
- Anti foaming with enhanced ability to form lubricating film.

Available Packed Size : 210, 50, 20, 10, 5, 1ltr & 500ml

ATF TQ

ATF TQ premium quality transmission oil, blended from high quality solvent refined base stocks fortified with carefully selected additives, to give good dispersant, oxidation stability, seal compatibility, antifoam, anticorrosion and antiwar characteristics.

Featured Benefits :

- High thermal and oxidation stability.
- Provides excellent power shift transmission, even at low temperature.
- Reduces gear wear.
- Improves life of transmission & steering system.
- Compatible with various types of seal materials.
- Superior protection against corrosive wear extends life of engine components.

Available Packed Size : 210, 50, 20, 5, 1ltr & 500ml

HYDRO AW 32, 46,68

HYDRO AW-32/46/68 blended from high quality, chemically-stable solvent refined base oils and incorporated with balanced additives system which include anti wear and oxidation inhibitors. circulation systems and good air release properties.

Featured Benefits :

- Excellent anti-wear performance.
- Provide rust and corrosion protection.
- Minimises Friction, Excellent water separation, air release and antifoam properties.

Available Packed Size : 210, 50, 26, 20, 5ltr, 1ltr

SUPER COOL

Super Cool is Prevents winter freeze-up and summer boil-over. Protects the radiator material against corrosion

- Low foaming - Favourable properties - Acceptable operating viscosity
- Low coefficient of expansion - Minimum seepage - More economical

Recommended : Use **Super Cool** Coolant in all models of Car, Lcv, Hcv, Tractor, Generator and any engine/Machine Cooling systems in Industries.

Available Packed Size : 210, 50, 5, 1ltr
